**Invitation to the lecture about**  
**„A Prayer in Praise of Tara**  
**from Adzom Drugpa's Ösel Dorje Sang Dzo“**

**by Costanzo Allione (Tulku Ösel Dorje)**  
**June 3<sup>rd</sup>, 2021, 6:30 pm – 8:30 pm CET**  
**(talk will be held in English)**

A great opportunity for new and old students alike who wish to connect with the Green Tara lineage of Adzom Drugpa.

In this talk participants will receive a concise prayer to be quickly united with Green Tara, the swift acting heroine who liberates us from fear and suffering.

Green Tara is accessible even to those who have not received a formal Green Tara initiation, she is simply present to all those who call upon her.

This prayer comes from the terma cycle of Adzom Drugpa Drodul Pawo Dorje (1842-1924) *Ösel Dorje Sang Dzo* (The Secret Treasury of Vajra Luminosity).

Inspired by stories of realized masters of the past, Costanzo Allione spent a culmination of four years in solitary retreat and completed a traditional 108 chanel ground Chöd pilgrimage as a wandering yogi in Ladakh. He has been guided by his root teachers Adzom Paylo Rinpoche, Tulku Sang-ngag Rinpoche, and his mother Lama Tsultrim Allione. He holds a master's degree in Buddhist Studies from Kathmandu University and is currently working on a PhD.

Besides an online opportunity, participants are also invited to Yeselling to watch the talk together. Please let us know, who will participate, so that we can send you the Zoom link.

Donations welcome!

Kind regards,  
Monika, Savya and Karoline
